APPLICANTS RESPONSE TO OFFICE ACTION

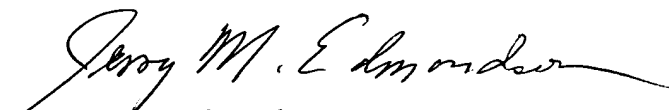

Application No. 10/792,197
Applicant: Edmondson, Jerry M.
Examiner: Gerald A. Michalsky
Art Unit: 3753

DETAILED RESPONSE

1. Restriction as required under 35U.S.C. 121: An election by the applicant to have claim 1-4 as the invention examined drawn to a method of establishing a plug flow through a process vessel, classified in class 210, subclass 800.

The applicant will welcome an examiners amendment for consideration if the examiner feels that there is a better way to describe patentable matter.

Respectfully submitted by the applicant,

Jerry M. Edmondson
